Dear all,

In advance of our meeting tomorrow, just to confirm the suggested agenda.

1. Air Quality Action Plan - To agree on progress monitoring and reporting against the actions for each of us in the air quality action plan.
2. Stakeholder involvement - To receive and discuss ideas for the future of the group and proposals for wider Local Air Quality representation (another word for a 'Forum'?)
3. Air quality knowledge and capabilities - To receive and discuss needs and opportunities to strengthen these. To agree how we might take ideas forward.
4. Engagement with Lancaster AQMA residents.

I look forward to seeing all confirmed participants there. Please note the entrance to Lancaster Town Hall has been relocated. Facing the front steps, go to the left and then right down the east-facing side of the building (alongside the memorial garden). You will be directed to the meeting room when you sign in.

If you experience travel delays please let me know on [REDACTED] for housekeeping purposes and meeting arrangements....

Regards,

Nick

PS. Apologies to Jackie Thompson who can't make this date.
